

I-25 Nogal Canyon Bridge Replacement Project Update

OVERVIEW

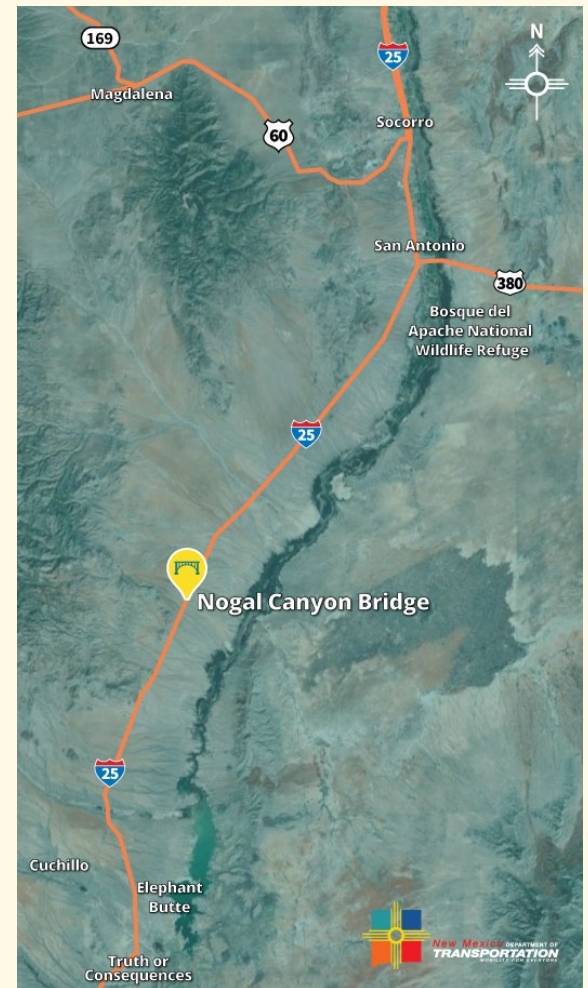

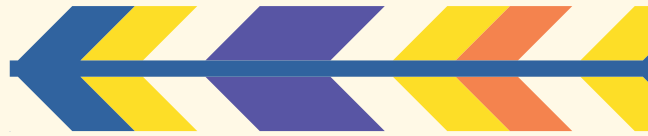

The New Mexico Department of Transportation (NMDOT), in coordination with the Federal Highway Administration (FHWA), is replacing the Interstate 25 (I-25) truss bridges over Nogal Canyon at Milepost 107 in Socorro County with two new structures.

The project will improve safety, enhance long-term reliability, and maintain regional connectivity along this important freight and travel corridor.

PLANNED IMPROVEMENTS

The project includes:

- ▢ **Replacement** of the existing northbound and southbound bridge structures
- ▢ **Realignment and widening** of I-25 through Nogal Canyon
- ▢ **Drainage improvements** to the existing slopes and canyon areas
- ▢ **Slope stability improvements** including slope protection and grading
- ▢ **New signing and striping** to improve visibility and safety

PROJECT TIMELINE

Late 2025

Preliminary Design & Environmental Review Complete

Summer 2026

Final Design Nearing Completion

Early 2027

Anticipated Start of Construction
